Who is the South African Iron and Steel Institute (SAISI)?

The South African Iron and Steel Institute (SAISI) is a non-profit, pro-competition and non-governmental representative organisation serving the collective interests of the primary steel industry in South Africa.

SAISI was established in 1962 as the South African Rolled Steel Producers Co-ordinating Council. In 1995 the name was changed to the South African Iron and Steel Institute.

Additional information on the SAISI objectives, structure, committees and divisions are available on the SAISI website homepage on the "About us" button.

Who are the current members of SAISI?

The current members of SAISI are Cape Gate (Pty) Ltd; Cape Town Iron and Steel Works (Pty) Ltd (CISCO); Columbus Stainless (Pty) Ltd; Highveld Steel and Vanadium Corporation Ltd; Mittal Steel SA Ltd and Scaw Metals Group.

Additional information on the SAISI members is available on the SAISI website homepage in the "Members" section.
